

"Level 3 – Managing Environmental Resources"

Student Profile

This programme is designed for people who wish to gain an understanding of environmental resource management and its benefits for business. No prior knowledge is required.

Objectives

At the end of the course you will be able to:

- Develop a broad understanding of environmental resource management.
- Adopt techniques for managing energy and resources.
- Understand how climate change affects the UK.
- Understand what is meant by Biodiversity and its benefits.
- Understand how legislation and regulation, regarding resource management, affect the home and business.
- Adopt methods of reducing waste and pollutants.
- Gain a recognised diploma from a leading UK awarding body.

Study Method

The course is designed for independent study at work (with employers permission) or at home. Learners receive course manual, assignments and study-guide plus tutor support by mail and email. You can start at any time and plan your studies over a period of up to one year from the time of enrolment.

Assessment

Each element is followed by a written assignment, which is submitted and then marked by your tutor. There is no external examination required.

Course Accreditation

At the end of this course successful learners will receive a level 3 NCFE Award certificate of achievement. That means that it is independently accredited at a level of learning equivalent to level 3 on the National Qualifications Framework (NQF) for England, Wales and Northern Ireland. The course is provided in conjunction with Kendal Publishing Limited - a licensed NCFE centre.

NCFE is recognised as an awarding body by the qualification regulators for England, Wales and Northern Ireland. The regulators are the Office of the Qualifications and Examinations Regulator (Ofqual) in England, the Department for Children, Education, Lifelong Learning and Skills (DCELLS) in Wales and the Council for Curriculum, Examinations and Assessment (CCEA) in Northern Ireland.

Course Duration

Students may register at any time and have a full year to complete their studies. The course will take around 90 hours of study to complete.

Pack/Course Contents

Your study pack is dispatched in full at the time of enrolment and provides all you need to complete your studies:

- Study-guide.
- Comprehensive study notes for each element of the course.
- Self-assessment activities.
- Assignments.
- Tutor support.
- Assignment marking & feedback.
- Certification.

Price and Payment Methods

Please refer to current price list or call for details.
